

FINAL TITLE

Prince Roben Gloria

Bachelor of Science in Computer Science, 3101

LOGO & BRAND NAME

ElderCare+

Care for Elder, Never been easier

DESCRIPTION AND FEATURES

- A mobile platform that helps elderly individuals manage medications and health, **while keeping family members and caregivers connected in real time**
- Not just a medication reminder — a **family care coordination system**
- Built for three user types: **elderly users, family members, and caregivers**

DESCRIPTION AND FEATURES

- **Low-Stock Alerts** — Caregiver notified automatically when medicine drops below a threshold
- **SOS Button** — One tap to call a child, caregiver, or emergency services
- **QR Medical Profile** — Hospital staff scan a code to instantly pull up emergency medical info
- **Multiple Caregivers** — Several family members can monitor the same elder profile together
- **Daily Wellness Check-In** — Simple mood check (Good / Okay / Not Feeling Well) visible to family
- **Care Timeline** — Chronological feed of the day: meds taken, vitals, appointments attended
